

Suggested Items for Card Making Starter Kit

March 2014

Choose things for your Starter Kit to help you get your Stamping Business started so you can make some samples and hold 1-2 events. I would recommend getting everything from the Basic Supplies. Choose some adhesives, and then use the rest of your allotment for stamps, embellishments, and tools. If you already have some of these supplies use them to make samples and purchase these items to use for your events (Getting Started events, Classes, Workshops, etc)

Basic Supplies for your First Events

Price	Pages	Item
\$10.95	151-154	Designer Series Paper (DSP)
\$13.90	141-149	2 packages Card Stock from Color Collection containing colors from your DSP (single color or assorted colors)
\$8.50	145	Whisper White or Very Vanilla Card Stock to coordinate with your DSP
\$7.95	165	StayzOn Jet Black Ink Pad (or choose a Dark Colored Ink pad to coordinate with papers)
\$5.95	141-149	Classic Ink Pad to coordinate with Papers
\$5.95	141-149	Classic Ink Pad to coordinate with Papers
\$4.50	165	Stampin' Mist
\$16.95	165	Stampin' Scrub
\$6.50	162	Envelopes

Total of above items: \$81.15

Remaining from \$150: \$68.85 for Stamps, Punches, Embellishments, etc.

Adhesives

\$6.95	174	Snail Double-sided Adhesive
\$4.50	174	Snail Refill
\$3.95	175	Tombow Multipurpose Liquid Glue (is cheaper and goes further than SNAIL)
\$4.95	174	Glue Dots

I would recommend spending the few extra dollars to get Wood Mount Stamps as you won't need multiple Clear Mount Blocks for your customers to use at your Workshops & events. You will want to have at least one Clear Mount stamp set and a couple of Clear Mount Blocks for your customers to see and touch in case if that is their preference.
